Georgia Southern University **Statesboro, GA**
Mechanical Engineering **2016 - 2018**

Personal Bio Summary

My career started from working on personal projects growing up. Last year I decided to enroll in a bootcamp and further expand my knowledge of web development. Since then I have been working on sites for clients.

I am seeking a position where I can use my knowledge and skillset to create websites that ensure the company's success.

Skills

	Weak	-----	-----	-----	-----	-----	-----	Strong
HTML								
CSS								
JavaScript								
HTTP								
Manipulate DOM								
JSON								
React.js								
Terminal								
Deployment
